WOMEN SUPPORT WOMEN

As you know, The Nine is more than a club, we are a community that believes in making equality reality. Among the other actions to support women, we choose to work with brands, suppliers, and communities that support women or are led by one.

Bold *by* Veuve Clicquot

The Bold Woman Award was first created by Veuve Clicquot in 1972 to highlight female entrepreneurs. Inspired by its own history with the famous Madame Clicquot, who is considered one of the world's first international businesswomen, Veuve Clicquot emboldens successive generations of audacious female leaders.

Meet Claudia and Giulia: two sisters born and raised in Veneto, North Italy, that produce wine and oil with a new new approach; proudly “made by women.” Products capable of new surprises, new languages, that know how to be strong, kind, feminine, sensual, passionate.

To celebrate its 150th anniversary in 2022, Lillet is raising a glass to women in hospitality with “L pour Elles” - an accreditation that makes it easier to find and support female-led & operated businesses.

Our tea is crafted by the expert hands of Naina and her mother, inspired by their Indian heritage. “Dare to be different” is their mantra. Organic and blended locally, Madn it’s not just a collection of teas; it’s a beautiful collaboration between mother and daughter, the East and the West, where together they curate a selection of blends inspired by cherished recipes that have been passed down through generations.
